Hello Esther,

Good day.

I am glad to inform you that we just received the LX Pantos' pre-nomination file as attached for Export COC excluding ex.Korea volume.

Because the customer would like to know if we can accept their nomination volume for 2024 2H in advance, they provided this pre-nomination file.

Column D is 2024 1H nomination volume
and Column E is the new 2024 2H nomination volume.

There are quite decent amounts of additional nomination ex.CN to S.E Asia destinations mainly for LGE volumes.

Pls review this file and fill out the column I/J with your comments.

Pls let me know if you have any questions.

Thank you.
