3. Pricer – Response for DMT Exception Request
4. Pricer- Shopping Cart
5. Pricer – MRG Setup
6. Pricer – DMT Setup

1. User Role Setup

Accessible Screens

Sales Role

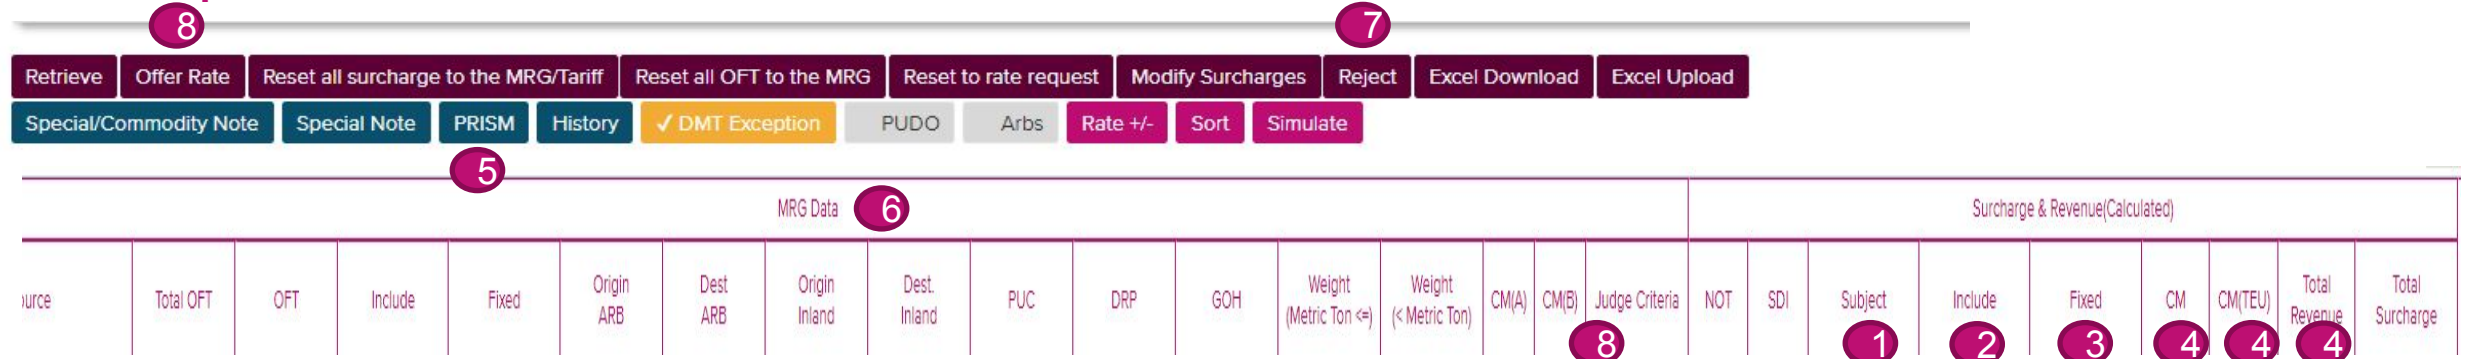

- RFA Quotation > Create & Amend
- RFA Quotation > Shopping Cart
- History > RFA History
- History > History of Customer Tier Setup Creation
- History > History of Guideline Rate Setup Creation (MRG)
- History > History of Quotation Approver e-mail
- Master Data > Search Commodity
- Master Data > Search Customer
- Master Data > Search Location/Port Code

Pricer Role

- RFA Quotation > Shopping Cart
- Setup > Customer Tier
- Setup > MRG Base Tier
- Setup > Guideline Rate (MRG)
- Setup > Guideline Rate (MRG) – Tier 99
- Setup > Arbitrary Guideline Rate (Arbitrary MRG)
- Setup > DMT (MRG)
- Setup > Location Group
- Setup > Location Group – Tier 99
- Setup > Minimum CM Setup
- Setup > Auto-Decline Setup

2. Pricer – Response UI for Rate Request

Pricer response UI

The screenshot shows the Pricer response UI for Rate Request. The interface includes a top navigation bar with buttons like 'Retrieve', 'Offer Rate', 'Reset all surcharge to the MRG/Tariff', 'Reset all OFT to the MRG', 'Reset to rate request', 'Modify Surcharges', 'Reject', 'Excel Download', and 'Excel Upload'. Below this is a table with columns for 'MRG Data' and 'Surcharge & Revenue(Calculated)'. The table contains fields for various surcharges and revenue components, with some fields highlighted by numbered callouts (1-8).

MRG Data																	Surcharge & Revenue(Calculated)								
Source	Total OFT	OFT	Include	Fixed	Origin ARB	Dest ARB	Origin Inland	Dest. Inland	PUC	DRP	GOH	Weight (Metric Ton <=)	Weight (< Metric Ton)	CM(A)	CM(B)	Judge Criteria	NOT	SDI	Subject	Include	Fixed	CM	CM(TEU)	Total Revenue	Total Surcharge

1. Subject Surcharges information – coming from Sales request. If information is blank, it means route is not a target of Pricing batch. Can be edited via Modify Rate button. **No impact to RFA filing even if it is blank – pricer can proceed next step.**
2. Include Surcharge Information – coming from Sales request. Can be edited via **Modify Surcharges** button for counter offer to sales. **Pricer need to ensure inclusive surcharge information is correct before approval****
3. Fixed surcharge – coming from Sales request. Can be edited via **Modify Surcharges** button for counter offer to sales. **Pricer need to ensure fixed surcharge information is correct before approval****
4. CM = Contribution Margin, Total revenue, Total Surcharge information – **reference information** coming from Pricing Simulation batch data. These numbers change dynamically when surcharges information changes.
5. Product Catalog information – coming from Pricing Simulation batch data. Route information shown is based on shortest transit time of Priority 1 and Priority 2 routes. This information is just for **reference. No impact to rate filing. Also, it does not mean customer is only offered rate for this specific route.** Subject surcharges are populated based on the route indicated. If information retrieved is blank, it means route is not a target of Pricing batch. **Pricer still can proceed next step.** If pricer wants to see route cost of a different route, please check Opus Pricing Simulation.
6. MRG information – Ocean Freight and Inclusive surcharges. **Reference information.** If blank, it means no MRG data.
7. Pricers are expected to have stronger understanding of the usage of optional fields (POL, POD, S.Lane, T/S, Transmode, NAC). If such information is required but missing from sales request, **pricer can reject Sales and request Sales to re-request with correct input.** If in doubt, check MRG settings.
8. Counter Offer/Approve to Sales – Effective/Expiry dates, OFT and Surcharges structure can be amended for **“Offer Rate”**.

2. Pricer – Response UI for Rate Request

Counter Proposal (Surcharges)

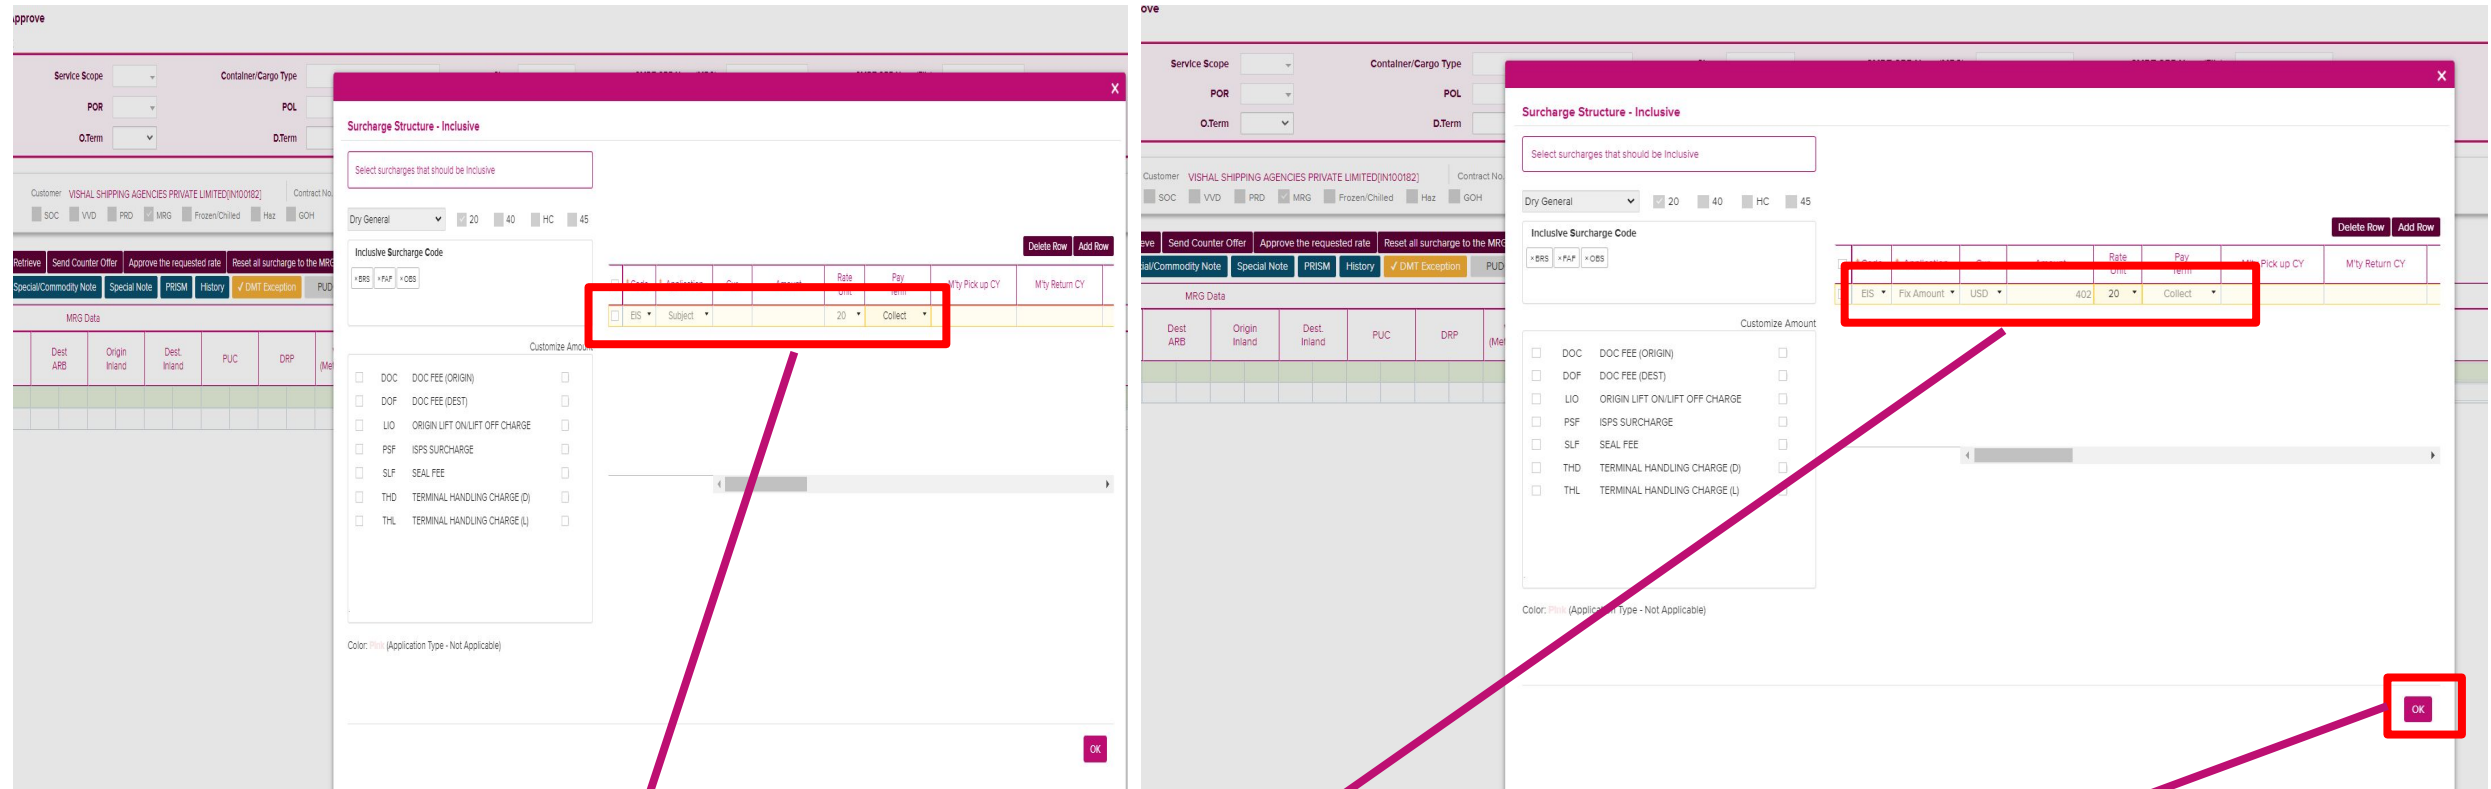

The screenshot displays the 'Surcharge Structure - Inclusive' dialog box within the Pricer application. The dialog is titled 'Surcharge Structure - Inclusive' and features a search bar labeled 'Select surcharges that should be Inclusive'. Below the search bar, there are dropdown menus for 'Dry General' and checkboxes for '20', '40', 'HC', and '45'. A red box highlights the 'Inclusive Surcharge Code' section, which contains a list of surcharges with checkboxes and a 'Customize Amount' column. The surcharges listed are:

- ☐ DOC DOC FEE (ORIGIN)
- ☐ DOF DOC FEE (DEST)
- ☐ LIO ORIGIN LIFT ON/LIFT OFF CHARGE
- ☐ PSF ISPS SURCHARGE
- ☐ SLF SEAL FEE
- ☐ THD TERMINAL HANDLING CHARGE (D)
- ☐ THL TERMINAL HANDLING CHARGE (L)

Below the list, a note states: 'Color: Pink (Application Type - Not Applicable)'. To the right of the dialog, a table with columns '* Code', '* Application', 'Cur.', 'Amount', 'Rate Unit', 'Pay Term', 'M'ty Pick up CY', and 'M'ty Return CY' is visible. A red box highlights the 'Delete Row' and 'Add Row' buttons in the top right corner of the table. A pink callout box with the text 'Add or delete Surcharges' has an arrow pointing to these buttons. Another pink callout box with the text 'Subject Conditions' has an arrow pointing to the 'Inclusive Surcharge Code' list. A third pink callout box with the text 'Inclusive Conditions' has an arrow pointing to the 'Dry General' dropdown menu. The background shows the main application interface with various tabs and fields.

2. Pricer – Response UI for Rate Request Counter Proposal

The screenshot displays the 'Surcharge Structure - Inclusive' dialog box. The table below shows the surcharge details:

Inclusive Surcharge Code	Rate	Pay	Mty Pick up CY	Mty Return CY
EIS	20	Collect		

The 'OK' button is located at the bottom right of the dialog box.

Filter any condition (Subj, Incl or Fixed), surcharges applicable and equipment type/unit. There is payment term as well

Once done you can click "OK"

1. The shopping cart is a dashboard for sales/ pricers to check outstanding rate and DMT requests. If RFA Proposal No. is inputted, the search range is up to 30 days. For all other criteria, search range is 7 days maximum.

2. Sales/ Pricers can click on blue LINKs to action on outstanding rate and DMT requests
 * Note if this is a 'DMT request only' without accompanied rate request, DMT LINK will not show in shopping cart
 Sales & Pricer need to follow up from LINKs in email notifications. Sales can also check by clicking "DMT Exception" icon in <Create & Amend> UI.

3. For rate status = Approved / Auto Approved, Sales to click on LINK to generate approved rates into quotation

4. In popup, name the quotation

5. 'Remarks' section is for internal remarks

6. 'Remarks to quotation' section is for inputting remarks to be shown in quotation PDF

7. Click 'Save' to generate quotation
